Range Facilities:

The range is located at the air gun facility at CMP South Headquarters in Anniston, AL. This 80-point range is one of two new facilities that came online for CMP in 2008, and is equipped with state-of-the-art electronic targets. Rifles and equipment will be secured in the range at the conclusion of each day. The classroom is also located within the range complex.

What to Bring:

Campers must bring their own shooting equipment including but not limited to rifles, shooting clothing, slings, kneeling rolls, pellets and journals. Do not bring prone mats or spotting scopes. All shooting will be done on electronic targets where shot locations are shown on monitors at the firing line. Prone mats are provided and outside prone mats are not permitted. CO₂ and compressed air will be provided at the range, though it is recommended that individuals bring their own fill adapters. Campers need to make sure that they are dressed comfortably in athletic clothing and footwear because light physical training is incorporated into the daily program. If you are traveling to the camp via air travel it is recommended that you ship your compressed air or CO₂ cylinders due to TSA restrictions. Cylinders should be addressed to Sommer Wood, CMP Summer Camp # (number of camp, i.e. Camp 1) CMP South Competition Center, 1470 Sentinel Dr, Anniston, AL 36207. Make sure shooter's name and team are included with the package.
