Location: Camp Perry Training Site, Port Clinton, OH 43452
Dates: 7-11 June 2010
Start Time: 1300EST Monday (No lunch provided on the first day)
Check-in: Check-in will be held at the range from 1130-1230EST.
(This typically takes 10-15mins.)

Range Facilities:

The range will be located at the air gun facility at CMP North Headquarters on Camp Perry. This 80-point range is one of two new facilities that came online for CMP in 2008, and is equipped with state-of-the-art electronic targets. Rifles and equipment will be secured in the range at the conclusion of each day. The classroom will also be located within the range.

What to Bring:

Campers must bring their own shooting equipment including but not limited to rifles, shooting clothing, slings, kneeling rolls, pellets and journals. Do not bring prone mats or spotting scopes. All shooting will be done on electronic targets where shot locations are shown on monitors at the firing line. Prone mats are provided and outside prone mats are not permitted. CO₂ and compressed air will be provided at the range, though it is recommended that individuals bring their own fill adapters. Campers need to make sure that they are dressed comfortably in athletic clothing and footwear because light physical training is incorporated into the daily program. If you are traveling to the camp via air travel it is recommended that you ship your compressed air or CO₂ cylinders due to TSA restrictions. Cylinders should be addressed to Sommer Wood, CMP Summer Camp #2, Camp Perry Training Site Bldg 3, Port Clinton, OH 43452. Make sure shooter's name and team are included with the package.

Food:

Lunch will be provided Tuesday-Thursday, and snacks and water will be provided each day.

Local Housing Options:

You may view types of housing and rates on the Camp Perry Clubhouse website, <http://www.cplcc.com>, or you may call the Reservations Desk at (888) 889-7010 or (614) 336-6214, the Clubhouse has limited hours in the winter months.
